SOUTHWEST MEDICAL ASSOCIATES OFFERS FREE INFANT IMMUNIZATIONS IN NORTH LAS VEGAS CLINIC APRIL 20

Las Vegas, Mar. 31, 2008— Southwest Medical Associates (SMA) will provide free immunizations for infants and young children at its North Las Vegas clinic during Nevada Infant Immunization Week:

- **Date:** April 20
- **Time:** 1–3 p.m.
- **Location:** SMA, 650 N. Nellis Blvd. at E. Bonanza
- **For:** Newborns to 8 years of age

SMA's free clinic is a collaborative effort with the Southern Nevada Immunization Coalition and Nevada Covering Kids and Families to combat the extremely low immunization rate of Clark County's young children and decrease the incidence of vaccine-preventable diseases in Southern Nevada.

SMA is Nevada's largest multi-specialty medical group and is a wholly-owned subsidiary of Sierra Health Services, Inc. SMA operates 12 medical clinics throughout Las Vegas, including several urgent care centers and an outpatient surgery center. The clinics are staffed by approximately 250 physicians and physician extenders.

Sierra Health Services, Inc., (NYSE SIE), based in Las Vegas, is a diversified healthcare services company that operates health maintenance organizations, indemnity insurers, preferred provider organizations, prescription drug plans and a multi-specialty medical group. Sierra's subsidiaries serve over 860,000 people through health benefit plans for employers, government programs and individuals. For more information on Sierra Health Services and its subsidiaries, visit the Company's website at www.sierrahealth.com.
